EXAM INSTRUCTIONS

PET/CT:

- **Drink water only.** No food or other liquids 6 hours prior to the appointment. Drink 3 glasses of water 1 hour prior to the appointment.
- Wear comfortable clothing without metal zippers or clasps.
- No vigorous exercise 24 hours prior to your scan.
- Allow up to 1 ½ - 2 hours for the total exam process. Actual scan time varies from 15 minutes to 40 minutes.
- *Insulin-dependent diabetic patients:* The sensitivity of this test is affected when your glucose levels are over 200. No insulin 6 hours prior to scan.
- No reading or talking is allowed while in uptake, you may bring your own CD player or I-Pod.

PET Bone Scan:

- No fasting required. Drink 3 glasses of water 1 hour prior to the appointment.
- Allow up to 2 - 2½ hours for the exam process.
- Wear comfortable clothing without metal zippers or clasps.

CT:

- If you are having a CT scan of the Head, Neck, and/or Chest **WITHOUT** IV contrast, there are no special instructions.
- CT scans **WITH** IV contrast of the Head, Neck and/or Chest require fasting for 8 hours prior to the appointment and 3 glasses of water 1 hour prior to the appointment.
- All CT scans of the abdomen and/or pelvis (with or without IV Contrast), require fasting for 8 hours prior to the appointment and 3 glasses of water 1 hour prior to the appointment.

MRI/MRA:

- Wear comfortable clothing without metal zippers or clasps.
- No implantable electronic metal devices (i.e.; cochlear ear implant, pacemaker, tens unit, hearing aids, etc.)

If there is a possibility of pregnancy, please inform our staff prior to your appointment.
